

NEW BUILDINGS OF THE YEAR IN EL PASO REACH \$1,798,100 MARK

Total is Greater By \$326,720 Than For the First Five Months in 1915; Year's New Buildings Expected to Total \$4,000,000; Already All Records For the Four Months Have Been Broken in the City.

EL PASO'S building record during the present year, to date, is greater than that of any similar period in the history of the city. Up to May 19 a total of \$1,798,100 worth of buildings within the city limits had been authorized by the city building department. This is more, by \$326,720, than the record for the full five months ending May 31, 1915.

On April 29, 1916, the figures for the preceding four months reached \$1,471,380, against \$1,144,660 for the same period in 1915, a gain of \$326,720. It is freely predicted that the year's business will reach or exceed the \$4,000,000 mark, the greatest in the city's history.

Some Big Buildings Included.

Aside from the vast amount of small work authorized, permits have been issued during the present year to date for the six-story popular building, which is now well under way, one section being up the full six stories; the seven-story Martin building, at Mills and Stanton streets; the new \$750,000 building for Temple Mt. annual congregation; the \$500,000 four-story warehouse of Kresge, Zora & May; the \$250,000 Odd Fellows' building; the \$250,000 public market; the \$45,000 building on South Oregon street, between Overland and First streets; and several apartment houses.

These buildings now under way, together with the \$500,000 high school and the \$700,000 county courthouse, now under construction, and smaller work inside and outside the city limits, bring the total of construction work in El Paso to above \$2,000,000.

Big Warehouse to Be Built.

This will be taken June 10 for the big warehouse to be built by Haymon Krupp at Santa Fe and Overland streets as the home of his wholesale establishment. The building will be fireproof, four stories in height and will cover an area of 12,000 feet. Trout & Frost, the architects, have had an architect in the East Texas wholesale center getting ideas to be incorporated in the new building.

Plans were opened Friday in the office of Trout & Frost for a one-story building, to be located at Texas and Noble streets. The building will be 42x120 feet in dimensions and will cost about \$3000. The building is for Charles DeJoff.

Building Six Bungalows.

J. L. Mullin is building six five room bungalows on McKinley avenue, in Grandview, to cost about \$2500 each. He is also building two on Montana street, in Government Hill. Mr. Mullin has recently completed five bungalows on Mountain avenue, in Grandview, and a short time ago completed four others. A number of other contractors report

much work on hand for bungalows in the outlying additions.

R. P. Jackson has bought from J. H. McClure lots 1 to 3, inclusive, block 74, Alexander addition, the consideration being \$1000. The Kern Place Realty company made the deal. The property lies on the rim of the mesa.

Lee H. Orndorff has sold to Lee Blot lot 22, block 29, East 131 Paso, for \$1000. The Kern Place Realty company made this deal.

Paving Work Finished.

The paving of Blacker street, from Mesa avenue to Kansas street, has been completed. This gives continuous paving from the city to Kern Place. The city is now calling for bids for the paving of Stanton street from Rio Grande to Blacker street, which will give another paved road to the top of the mesa.

Announce Many Sales.
James L. Marr & company announce the following sales made during the present week:
James L. Marr & Co. to W. G. Gibson, lots 29, 31 and 33, in block 27, Government Hill addition; consideration, \$1300.

East side of Chihuahua street, between Eighth and Ninth streets—White, Stevens

ELECTRIC BOMB TOSSER

A NEW centrifugal bomb thrower, with a range of 1000 yards, is being sponsored by Mrs. Katherine M. Stanton, of Whitehouse, La. J. M. Stanton, who has always had a hobby for firearms and is an expert in ordnance (the picture shows her beside a small brass cannon of her own design), was approached by the inventor of the new weapon, and she immediately used her influence to bring the device to the attention of the war department. She personally financed the building of the model which has been tested by ordnance officers.

The new gun is noiseless and can be fired with the rapidity of a machine gun, it is said. The bombs are held by an ingenious device on a grooved rim of a solid steel wheel three inches in diameter and with slots sunk in both of the lips of the groove.

The thrower itself is operated from a two-horse power electric motor, slightly geared down to increase the speed of the loaded wheel.

The thrower will be of a type and size that can be easily used in Mexico in case of war, and for mountain warfare will be unsurpassed, as an angle can be reached, it is said.

The inventor has already had flattering offers for the "gun," but his steadfast purpose that none but the United States government is to have it, has resulted in the turning down of the offers.

Deaths.
Deaths in Concordia, May 19, buried in Concordia.
Maurice A. de Cortes, local hospital, May 18, aged 44 years; burial Rinsens, Mexico.
Salgado Molina, 2314 Rivera street, May 17, aged two months; burial Concordia cemetery.
Sista Gaudier, Highland Park, May 17, aged two months; burial Concordia cemetery.
Roberto Venzor, Val Verde, May 17, aged 60 years; burial Concordia cemetery.
Luis Schaner, 1460 Missouri street, May 17, aged 18 months; burial Concordia cemetery.
Jesus Parra Ayesta, 2309 Olive street, aged 40 years; burial Concordia cemetery.

Deaths—Girls.
To Mr. and Mrs. M. Gutierrez, 1216 San Antonio, May 18.
To Mr. and Mrs. M. Martinez, Idaho and Louisiana, May 18.
To Mrs. George Gonzalez, 597 South Oregon street, May 18.

Deaths—Bears.
To Mrs. C. J. Cook, 1538 North Florence street, May 12.
To Mrs. Paul Christian, 1334 Marr street, May 17.

FIRST MONEY FOR NEW POSTOFFICE IS ALLOWED
An allotment of \$100,000 has been made on the appropriation for the erection of the new postoffice building in El Paso at the corner of Stanton and Mills streets, according to advice received Saturday by postmaster E. A. Shetler.

The whole cost of the building is to be \$200,000. A contract has been let to E. C. Sample for digging test pits on the site of the building for the purpose of determining the character of foundation that will be necessary. Demolition of the old brick buildings that now occupy the site will likely be arranged for within a short time.

P. GUERRA UNDER ARREST; BURGULARY BEING INVESTIGATED
Pedro Guerra was arrested Friday, and is being held in the city jail on a charge of vagrancy, pending investigation in connection with the burglary of a saloon at 915 South El Paso street.

THIEVES TAKE CLOTHING.
The theft of several suits of clothes from a secondhand store, 594 South El Paso street, was reported to the police Friday. Detectives are working on the case.

WRECKED IN THE IRISH REVOLT

INTERIOR OF DUBLIN POST OFFICE

© INTL. FILM SERVICE

A view inside the general postoffice of Dublin after the British had driven the Irish rebels from the place which they had seized and used as their headquarters. The beautiful building, which housed the postoffice and telegraph and telephones of Ireland, is now nothing but a mass of ruins. Note the steam radiator suspended in the air near the top of the picture. The entire floor beneath it gave way.
